re: Disclosure 7372

John - Pursuant to our phone conversation today, enclosed are copies of U.S. Patents Nos. 4,941,091 and 4,283,829. Please review these so that we can discuss how your disclosure entitled "System for Adapting Conventional Inserter Billing to Electronic Distribution" differs from the attached patents.

Please call me at 442-3882 so that we can arrange a meeting.

Thank you for your help in this matter.

Larry
